

Requested by Representative BENTZ

**PROPOSED AMENDMENTS TO
HOUSE BILL 2481**

1 On page 1 of the printed bill, delete lines 16 through 25 and insert:

2 “(4)(a) The owner or operator of a gas station shall disclose to a customer
3 the cost, per gallon of gasoline, of the low carbon fuel standards described
4 in ORS 468A.275 after viewing or receiving from the Department of Envi-
5 ronmental Quality the calculation described in subsection (5) of this section.

6 The owner or operator may disclose the cost to the customer by:

7 “(A) Posting the cost on a gasoline pump that is visible to the customer;

8 “(B) Printing the cost on a receipt the owner or operator provides to the
9 customer; or

10 “(C) Otherwise displaying the cost near the point of payment or another
11 location that is visible to the customer.

12 “(b) The disclosure described in paragraph (a) of this subsection must
13 read:

14 “ _____

15 The Department of Environmental Quality has determined that Oregon’s
16 low carbon fuel standards last year added an average of ___ to the cost per
17 gallon of fuel. This average cost per gallon is an estimate and might not be
18 reflected in current prices. Gasoline and diesel fuel prices can fluctuate
19 widely over short periods of time.

20 “ _____

21 “(5) The Department of Environmental Quality each year shall calculate

1 for the preceding calendar year the average cost, per gallon of gasoline, of
2 the low carbon fuel standards the Environmental Quality Commission adopts
3 by rule under ORS 468A.275. The department shall post not later than April
4 15 of each year the formula the department used for the calculation and the
5 results of the calculation on the department's website or otherwise furnish
6 the formula and results of the calculation to each gas station in this state
7 so that the gas station's owners or operators may meet the requirement set
8 forth in subsection (4) of this section.”.
