HB 2889-1 (LC 1501) 2/22/17 (MBM/ps)

Requested by Representative EVANS

PROPOSED AMENDMENTS TO HOUSE BILL 2889

- On page 1 of the printed bill, delete lines 4 through 29.
- On page 2, delete lines 1 through 34 and insert:
- "SECTION 1. (1) The Task Force on Secure Pipelines and Associated
- 4 Storage Units and Terminals is established, consisting of 13 members.
- 5 One of the members must be the State Resilience Officer or the State
- 6 Resilience Officer's designee. One of the members must be the State
- 7 Fire Marshal or the State Fire Marshal's designee. The remaining
- 8 members must be appointed as follows:
- 9 "(a) The President of the Senate shall appoint one nonvoting
- 10 member from among members of the Senate.
- 11 "(b) The Speaker of the House of Representatives shall appoint one
- 12 nonvoting member from among members of the House of Represen-
- 13 tatives.
- "(c) The Governor shall appoint:
- 15 "(A) One member from the Department of Environmental Quality;
- 16 "(B) One member from the Department of Transportation;
- "(C) One member from the Office of Emergency Management;
- 18 "(D) One member from the Oregon Military Department;
- "(E) One member from the Public Utility Commission;
- 20 "(F) One member from the State Department of Agriculture;
- 21 "(G) One member from the State Department of Energy;

- "(H) One member who represents petroleum suppliers who is knowledgeable about the Pipeline Safety, Regulatory Certainty and Job Creation Act of 2011 (P.L. 112-90); and
- "(I) One member who represents the natural gas industry who is knowledgeable about the Pipeline Safety, Regulatory Certainty and Job Creation Act of 2011 (P.L. 112-90).
- 7 "(2) The task force shall study and make a report on:
- 8 "(a) State and federal safety standards for pipelines, associated 9 storage units and terminals and other associated facilities;
 - "(b) Technologies and processes that provide for the safe transportation of petroleum, natural gas and other flammable substances through pipelines;
 - "(c) Technologies and processes that provide for the safe keeping of petroleum, natural gas and other flammable substances in storage units and terminals associated with pipelines;
 - "(d) The degree to which technologies and processes studied under paragraphs (b) and (c) of this subsection will mitigate potential dangers posed by seismic activity and other natural catastrophes to pipelines, associated storage units and terminals and other associated facilities;
 - "(e) The costs associated with using technologies and processes studied under paragraphs (b) and (c) of this subsection when constructing new pipelines, associated storage units and terminals and other associated facilities;
- "(f) The costs that would be incurred by using those technologies and processes studied under paragraphs (b) and (c) of this subsection to retrofit existing pipelines, associated storage units and terminals and other associated facilities;
- 29 "(g) Mandates that may be imposed to require using technologies 30 and processes studied under paragraphs (b) and (c) of this subsection

- to construct or retrofit intrastate pipelines, associated storage units and terminals and other associated facilities;
- "(h) Incentives that may be used to encourage using technologies and processes studied under paragraphs (b) and (c) of this subsection to construct or retrofit interstate and intrastate pipelines, associated storage units and terminals and other associated facilities;
 - "(i) Recommendations related to conducting seismic vulnerability assessments of pipelines, associated storage units and terminals and other associated facilities;
 - "(j) Recommendations related to developing and implementing mitigation plans in the event that seismic activity or another natural catastrophe damages a pipeline, associated storage unit or terminal or other associated facility;
 - "(k) Recommendations related to designating an oversight authority in the event that seismic activity or another natural catastrophe damages a pipeline, associated storage unit or terminal or other associated facility; and
 - "(L) Recommendations related to creating a culture of preparedness with respect to the occurrence of a pipeline, associated storage unit or terminal or other associated facility being damaged as a result of seismic activity or another natural catastrophe.
- 22 "(3) A majority of the voting members of the task force constitutes 23 a quorum for the transaction of business.
- 24 "(4) Official action by the task force requires the approval of a 25 majority of the voting members of the task force.
- 26 "(5) The task force shall elect one of its voting members to serve 27 as chairperson.
- 28 "(6) If there is a vacancy for any cause, the appointing authority 29 shall make an appointment to become immediately effective.
 - "(7) The task force shall meet at times and places specified by the

- call of the chairperson or of a majority of the voting members of the task force.
- 3 "(8) The task force may adopt rules necessary for the operation of 4 the task force.
- 5 "(9) The task force shall submit a report in the manner provided 6 by ORS 192.245, and may include recommendations for legislation, to 7 an interim committee of the Legislative Assembly related to emer-8 gency preparedness as appropriate no later than September 15, 2018.
- 9 "(10) The Oregon Military Department shall provide staff support 10 to the task force.
 - "(11) Members of the task force who are not members of the Legislative Assembly are not entitled to compensation or reimbursement for expenses and serve as volunteers on the task force.
 - "(12) All agencies of state government, as defined in ORS 174.111, are directed to assist the task force in the performance of its duties and, to the extent permitted by laws relating to confidentiality, to furnish such information and advice as the members of the task force consider necessary to perform their duties."
