House Committee on Agriculture and National Resources
Representative Brian Clem, Chair
[900 Court Street, NE](#)
Salem, Oregon 97301

Chair Clem, Vice-Chairs McLain and Sprenger and members of the Committee:

The proposed action in this bill should be rejected. The land use of a small section of one river should not be dictated by the state legislature. This is a local matter which should shake out under existing laws. Having the state legislature dictate specific rules for small sections of each river in the state, we are headed down a slippery slope to ruin. Please focus your efforts in addressing state wide problems, not local ones.

Sincerely, Jon Krutsch
