House Committee on Agriculture and National Resources
Representative Brian Clem, Chair
900 Court Street, NE
Salem, Oregon 97301

Chair Clem,

The passage of HB4029 is wrong. The stakeholders in Central Oregon should be the group do determine the issue of bridges across the Deschutes River. They have addressed this matter and can work together to achieve a fair decision. The intervention of the legislature is unnecessary and is likely the work of individuals who do not want this local matter to be resolved locally.

Please do not intervene in this matter.
