Follow Up Flag: Follow up
Flag Status: Flagged

I am writing in support of allowing a pedestrian bridge across the Deschutes river in SW Bend. Please do not allow passage of this bill to include removing this possibility. A pedestrian bridge is smart for the environment, less driving for those of us on the SW to access hiking trails. Smart for the community, everyone I talk to would like to see this bridge become a reality.

Thankyou for your assistance,
Russell Orr
