Dear Members of the Committee on Agriculture and Natural Resources,

I ask all of you to support HB 4029, a vote for this is a vote for helping preserve the things that represents Oregon, and what we care for. Rivers are the lifeblood of Oregon, both in the past, and will be in the future. Preserving as much of what we can , in its most natural form, is vital for all Oregonians. Please do not allow a bullying, self interest entity, Bend Parks and Rec District, to weaken rules enacted to help preserve our rivers, and our wildlife. This bill helps rivers throughout Oregon, and all Oregonians.

Having lived in Central Oregon for 34 yrs, I can attest to the natural beauty that exists in the area that Bend Parks wants to place a bridge. Please do not allow them to ruin another area of our river. Another trail already exists along the river to Sunriver that accomplishes the access that opponents tout they need. Just improve that trail, there is no need to ruin the river and wildlife for yet another trail through pristine river habitat.

Thanks, Ambrose , Mary, Andy, and Emma Su
