

Many of our seniors have dedicated their very lives to help others, and I know we all want the best comfort and care for them.

Please protect dementia & Alzheimer's patients. Don't rush the process of updating advance directives without ensuring legal protections for these vulnerable people are kept in place.

Please vote no on HB 4135. The bill is not written carefully enough to protect Oregonians' rights to basic food and water. Don't create more problems for end of life care. Seniors don't deserve to be euthanized.

Sincerely,

Sally and Gene Dunn
