Subject: Testimony in opposition to HB 4135

House Health Care Committee:

I am writing to ask you to please vote NO on HB 4135. I want to have freedom of choice as regards my care. This bill does not protect my choice by taking priority over my Health Care Directive. No one should be denied food or water just because they have dementia or Alzheimers. A bill such as this is very frightening to we seniors and should be frightening to everyone because if we live long enough we will be a senior. Please vote No on HB 4135 and protect our freedom. Thank you. Iwana McKay in Myrtle Point, Oregon.

Note: Please use discretion with your personal information in written testimony (i.e., do not add personal information you do not want the public to see).
