

Note: Please use discretion with your personal information in written testimony (i.e., do not add personal information you do not want the public to see). All meeting materials, including your name and any personal information contained in the submitted documents, are posted to the Oregon Legislative Information System (OLIS) and are accessible to all major search engines, including Google, Bing, and Yahoo.

Since 2000, my husband who was revived after 20 min. of CPR - not having pulse or breathing, treated for 3.5 days with intubated breathing tube connected to a machine - came home with dementia and amnesia. He is in good physical health, good mental health and has a relaxed sense of humor and is fully ambulatory.

I would hate for him to suffer from denied food and water should the state think that appropriate.

I certainly oppose HB 4135
