Subject: Testimony in opposition to HB 4135

Please,

I strongly oppose the HB 4135 bill.

Why would you like to take away water and food from anyone. I do not understand how any human can feel it their duty to take someone's life for any reason.

My relative with dementia. We loved him cared for him and we really enjoyed his presence. It was hard at times but I grew more loving and kind through it all. Please do not take this away from anyone.

Note: Please use discretion with your personal information in written testimony (i.e., do not add personal information you do not want the public to see). All meeting materials, including your name and any personal information contained in the submitted documents, are posted to the Oregon Legislative Information System (OLIS) and are accessible to all major search engines, including Google, Bing, and Yahoo.
