

Honorable Representatives:

I am deeply concerned about the impact that HB 4135 will have on the most vulnerable citizens of Oregon when they are facing end of life issues. The bill is too vague and does not protect the rights of vulnerable people to obtain basic food and water if they are not capable of holding a cup or a spoon or fork. Please don't create more problems for end of life care. Please vote NO on HB 4135

Sincerely  
Jackie Davidson
