

This is Sue Pelletier, a nurse at St Vincent. I take care of these patients daily. Withholding food and water is an inhumane and cruel method to terminate a life.

Each one of these people has inherent dignity that needs to be upheld with psychological, spiritual and bodily support.

*Intentionally causing death is murder. ... . No one is permitted to ask for this act of killing, either for himself or herself or for another person entrusted to his or her care, nor can he or she consent to it, either explicitly or implicitly, nor can any authority legitimately recommend or permit such an action. *Please vote no on HB 4135, some things are true and not relative. withholding nutrition is wrong.*
