

Hello. In regards to HB 4145. HB 4145 is yet another attempt by Governor Kate Brown, at the behest of Michael Bloomberg, to deny law abiding citizens due process as guaranteed by the Constitution Of the United States.

HB 4145 violates the Second, Fourth, Fifth, Fourteenth Amendments, and possibly more.

HB 4145 will strip a persons Second Amendment rights on nothing more than hearsay and innuendos. According to the Constitution Of the United States, a person is innocent until proven guilty by a jury of their peers. With HB 4145, a person is arbitrarily found guilty, with but one chance to prove their innocence.

This egregious bill is wrong in so many ways, that it should not even see the light of day.

Thank you,

Jim Welsh
