Dear Chair Clem, Vice-Chairs McLain and Sprenger, and members of the Committee:

I'm writing on behalf of Equal Access for Bend, a community organization founded to oppose House Bill 4029.

Please consider drone footage showing the extent of development near the proposed bridge site, shared via the link below.

 [Drone Footage Near Bridge Site, 2-3-2018.MP4](#)

Please also consider attached photos. As shown there, waterside development already exists on both sides of the proposed bridge site, both to the south and north.
