

Dear Chair McLain and members of the House Transportation Policy Committee,

My name is Dean W. Pollman with NW Miles Air LLC. I'm writing to ask for your support of HB 4092.

A 6,000' runway has been in the KUAO master plan since 1976 and reaffirmed again in 2013 master plan – years of public process go into master plan. The HB 4092 will not take farm land out of production. Extension of the runway is optimal for increasing safety and creating economic benefits for local businesses and economy. In the case of an emergency a fully functional airport will also benefit the local economy.

Thank you for your consideration in support of HB 4092

Sincerely,
Dean W. Pollman
