

To Whom it May Concern,

I believe in the Judicial system. I also believe a person is innocent until proven guilty. To take away a constitutional right without due process of law is never acceptable. Freedom is not free and this approach may lead to an occasional tragedy, but it is necessary in order for us to live free. One alternative to this bill would be to help victims by placing them in a safe environment until the time that due process can be completed. Our second amendment rights should not be tampered with under any circumstance. I therefore urge for the defeat of HB 4145.
