

Greetings,

I am writing to oppose HB4145. This bill is poorly written and is an attack on the gun rights of innocent Oregonians. Please do not let this bill pass. Please oppose this bill. I am a law abiding citizen of Oregon and have an ex-wife who is a horrible person. I divorced her because she was physically and verbally abusive to me. For mine and my daughters safety, I now feel compelled to carry a firearm. If this bill were to pass my ex could, out of spite and hatred, get a restraining order on me and deny my right to protect myself and my daughters. I'm the victim here and this bill would open up more doors for people like me to be re-victimized over and over again. Please stop HB4145 now. Please stop trying to take away the rights of the innocent. Remember, the bad guys will always have guns. They don't abide by the laws. It's us good guys who lose out when bills like this get passed.
