

I strongly oppose HB4145 due to the overly broad reach it has to deprive me of my 2nd amendment rights based on a relationship I had with someone 20 years ago. Even a more recent relationship that has ended with a bitter or vindictive ex could strip me of my 2nd amendment rights. This bill is just another attempt to make gun ownership difficult by anti-gun zealots. Focus your efforts on stopping criminals, not harassing law abiding citizens. Keep it up and you'll find out just how many gun owners there are in Oregon at election time. Voters are tired of Salem pushing the personal agenda of a few politicians who think they know better than those who elected them.
