Chair Hass and members of the Committee

I am Clair Klock for Corbett, Oregon. I urge the committee **not** to pass **SB1527 Section 11** in spite of any -# amendments

- No one should not be except from income tax just because they are business owner. Everyone should be equal.
- Don't allow the new business owners tax breaks that Congress passed to apply to Oregon taxes – this will **save \$400 million** a biennium
- Get rid of the Oregon tax break on the business income as well – this will **save \$200 million**.
- This saving could add two and a half weeks of school a year? Pay down the PERS liability? Staff up our underfunded departments? Reduce tuition at state colleges?
- This is just one small way to address income inequality.
