As an owner of 2 ½ acres on Evergreen Rd. in Hillsboro, We definitely support HB4075 and put our property back into URBAN RESERVES where it belongs!!!

Ps...City of Hillsboro can arbitrarily **change my mailing address** to their grid but we are definitely stuck in AF5 and Farm Reserves.

What the heck?!

Plus, they TOOK my frontage on Evergreen for THEIR water pipeline on AF5 land.

Plus, they also put a huge water tower in my back yard (City of Hillsboro building on county land.)

Seems like these things only happen when the bureaucrats want their way and the landowner has no say in it!
