

Right now, Oregon's advance directive allows me choices as far as what kind of care I want at the end of life. HB 4135 endangers my choices by removing the advance directive from statute. Please protect my healthcare choices by voting no on HB 4135. We have had friends and family that had Alzheimer's and were cared for in special homes that were designed to care for dementia patients. They were close to and supported by community, friends and family. I do not want a stranger or an administrative agency not accountable to me or my family or my will to be ignored or over ruled by an agency. I prefer to have some accountability by our government. Please, please do not pass this bill HB 4135.
