I'm a long-time naturalist, birder and Oregonian. At a time when our public lands are under attack from extractive industries and the Trump administration, Oregon needs to stand firm in protecting our rivers and public lands. I support HB 4029 and protections for the Deschutes River and other state scenic waterways.

Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections.

Thanks for your consideration in this matter.
