Chair Hass and members of the Senate Finance and Revenue Committee,

The legislature should disconnect from the Internal Revenue Code as it pertains to the pass-through business tax break, Oregon would be able to tax pass-through businesses on their full income, instead of only 80% of it. This would retain an estimated \$400 million per biennium.

If you are a legislator, and you cannot see how those \$400 million could be used for the people you represent, I truly hope you won't be a legislator much longer. Oregon needs bold action and this is your chance to stand up for us.

Sincerely,
Emily von W Gilbert
