

Hello,

I have been an Oregonian all of my life, I love this state and all of its people and places. We as Oregonians enjoy a quality of life that is envied around the World.

That being said, we all have a responsibility to protect the weakest and most vulnerable people in our communities. We need to remember that life is always worth living; in the good times and the bad times.

Life is a precious gift from birth to natural death!

So, I request that our Oregon legislators think long and hard before they decide to play God with the people of our state blessed enough to call themselves “ Senior Citizens”.

Thank you,

J. L. Marion county Oregon
