

Hello ! After reading up on the above referenced house bill , it is very apparent it is a broad swipe to undermine the 2nd amendment ! This bill is poorly written and will do nothing to save lives. It gives too many rights to estranged people to impact ones 2nd amendment rights.

We must also keep in mind bad people don't follow the laws and they won't follow this one either!

Please vote against HB-4145.

Thank you,
