

My name is Doug Renfrow and I am a life long resident of Oregon, a woodsman, hunter, Veteran, competitive shooter, firearm safety instructor and range master. I am writing to oppose HB 4145 as an unnecessary, political attack on law abiding gun owners without just cause. This bill would make "gun police" out of people who have a personal grudge against someone giving them a vehicle to exact revenge. This does not serve the people of Oregon, it serves the governors personal socialist agenda!  
Again I ask that this bill NOT be supported.
