No amendment.

**BACKGROUND:**

Current law provides parking privileges for disabled persons in the form of a disabled person placard or a wheelchair user placard. A disabled user placard allows parking in spaces reserved for the disabled. A wheelchair user placard allows parking in spaces designated for disabled or wheelchair users, free parking in metered spaces, and unlimited parking in time-limited spaces. Local jurisdictions have the discretion to authorize additional privileges to individuals with disabled person parking placards.

Senate Bill 1506 creates an “Oregon Wounded Warrior” designation for certain qualifying disabled veterans, to allow them to park for free and without penalty in metered and time-limited public spaces. The measure gives rulemaking authority to the Oregon Department of Transportation to determine the application process to request an “Oregon Wounded Warrior” placard.
