

Committee Members;

Please vote no on the H.B. 4145 vote coming up. While this bill might seem to do good, upon further reading it seems to be over broad with regards to who can file for protection and if one tries to clear their name in the State and fails, they will lose their Federal gun rights. This seems to be another avenue for losing more of our 2nd Amendment rights a little at a time.

Thank You

Rod Adams
