Dear Chair Clem and Members of the HAGNR Committee,

Please vote "No" on HB 4075. I do not want to see more farmland destroyed.

It is my understanding that the land in question was already designated as a rural reserve. Many people and agencies were involved in this designation. There is no valid justification for changing the designation.

I care so much about the preservation of farm land because I have horses. I see too much farm land developed, thus reducing land for horses and other livestock, land on which to grow hay, land on which to ride the horses.

Thank you for your consideration.

Sincerely,
Aileen P. Kaye
