Dear Sir or Madame

I am in support of bill 4029 to prohibit a bridge across the Deschutes River Wild and Scenic area. One fact that has not been brought up is that the trail to this proposed bridge goes thru property that is currently used as a "**Wildlife preserve.**" This area has elk, deer, beaver, coyotes and an occasional cougar. A trail with off leash dogs running thru it would have a huge **negative impact on wildlife** in this area. Thanks for your support.

Best regards
