

This bill is nuts. Who dreamed this one up? Lock him or her back up in the nut house! When is this kind of insanity going to end in Oregon? Did some communist design this law? What is WRONG with you people? The bill deprives people of their second amendment rights on the complaint of anyone who doesn't like them, they don' even have to *KNOW* them! If the gun owner fights it his rights are stripped away, if he doesn't fight it his rights are stripped away. Guilty without a trial is what it sounds like to me, sort of like in Germany in 1938.

Please stop this crusade against people with common sense, against patriots. I'm so disgusted with what is going on in Salem! And I was born in Oregon!
