Legislators,

We are two registered voters who would like to go on record as being opposed to House Bill 4029. A bridge to extend the hiking trail along the Deschutes River is far more beneficial for the residents (and visitors) to Central Oregon than any negative impact it would have on the river and its surroundings. And the river belongs to all the residents, not just to the few fortunate homeowners who live in the vicinity.

Sincerely,

Gary and Alice Nelson
