

The intent of this bill is to propagate more persecution of gun owners. It is a vehicle for hatred and turmoil in the lives of many. It is a direct product of Michael Bloomberg's payola to Governor Brown. It is fueled by the freedom killing orthodoxy of the Democratic Party, which controls this state and which by design excludes most Oregonians from the political process. The quasi-communism of today's Oregon government is a far cry from the Oregon of my boyhood. NO ON HB4145!!!!!!
