

To Oregon House Judiciary committee members,  
HB4145 is seriously poorly written in defining "family or household members". It appears to be written intentionally broad in a deliberate way to take away gun ownership rights of law abiding Oregonians. I STRONGLY OPPOSE this bill.

I am a law abiding Oregonian. If a relative shows up at my house with a grudge, they could file for a restraining order against me. In today's politically charged environment this is not beyond belief, just look at the behavior that created this bill. It seems designed to punish persons with differing political beliefs and lifestyles. If I challenge this and somehow lose, then I will lose my federal gun rights.

I strongly, strongly believe in each citizen's rights including 2<sup>nd</sup> Amendment rights, the right to bear arms. HB 4145 does not allow for any real recourse to false accusations....and appears to be designed that way. HB 4145 should be thrown out immediately.
