Oregon legislature,

A masterpiece of deceit and slight of hand, that places all Oregonians under the thumb of a Socialist State run system. One that is designed to deprive and suppress the freedom built into our State Constitution. This is a direct attack on each and every Oregonian. This Orwellian big brother control screaming at the lives of all who object to and know that this is a lack of trust in the people of Oregon and all of humanity. Do not pass this horrible bill 4145.
