

This is simply a terrible bill.

I personally know people who are responsible citizens, gun owners who in 30 years of using firearms have never had an accident, or committed a crime with a firearm; some of these people have had restraining orders placed on them for no reasonable cause. Why should a person lose their constitutional right to bear arms without even ever being found guilty of a crime by a court of law?

To arbitrarily decide that a citizen can have their constitutional rights taken away as the result of someone in their past making an accusation against them is foolishness.

Please do not support this anti-gun, anti-constitutional rights bill.

Thank You,
