Salem, OR 97301

RE: Aurora State Airport Runway Extension

Dear Rep. Lewis:

My name is Ernie Sturm and I am the owner of Aircraft Management Solutions. We currently operate eight business jets based at the Aurora State Airport (UAO). The extension of the runway is key to our being able to continue operation at UAO. Our aircraft have grown over the years (we now operate 2 Citations, 5 Falcons, and a Global Express) and without the runway extension we will be forced to move the airplanes (and 23 jobs) to Hillsboro or PDX. Please continue your efforts to make the runway extension happen soon.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ernie Sturm', written over a horizontal line.

Ernie Sturm
