

We urge you to vote against House Bill 4092

Dear Chair McClain and Committee Members:

House Bill 4092 attempts to get special treatment for acquiring Exclusive Farm Use land without the proper process.

The language of the Bill is deliberately vague about the specific uses and locations of the facilities to be constructed.

It avoids stating exactly where, and how much, Exclusive Farm Use land will be taken if the Bill passes.

House Bill 4092 is a sneaky bill that attempts to get special treatment for acquiring Exclusive Farm Use land without the proper legislative process.

We support our local farmers who are the backbone of our Oregon economy. No encroachment on their precious fertile farm land.

For these and other reasons we urge you to **VOTE NO ON HOUSE BILL 4092.**

Sincerely,

Joseph and Elaine Swyt
