

This bill is not about justice. It's about punishing legal gun owners and male gun owners to boot. This just creates more innocent victims for the legal system to entangle in their web where the victim of an ACCUSATION gets their freedoms and wealth stolen from them by the State of Oregon! My beautiful state has gone rogue someone save us!

Please keep ALL government intrusion out of my family. Especially one that is prejudice against fathers and sons. This bill is crazy, I cannot believe this is happening in Oregon! Fourth generation Oregonian. Kevin Fieguth.
