I am against any bridge on the scenic descutes waterway

Please sign the bill 4029

It is true the parks and rec of bend have gone rogue, they have not listened to anyone except the editor of the paper who lives across the river and wishes to save himself less than a mile of bike ride over an existing bridge just below the wild part of the river.

Show him what wild and scenic means and please sign the bill

Vern and kathie bauch  
61039 river bluff trail  
Bend, or 97702
