Dear Representative Fahey,

We at O'Neill Construction Group support the Contractor Wage Payment Accountability House Bill 4154. As a Prime and Sub Contractor in multiple disciplines we have been doing business in the state of Oregon for 20 years and employ over 50 individuals. As such, we recognize the importance of this bill to level the playing field for those contractors and subs who are doing the right thing for their employees and customers. This bill will add accountability for all parties while protecting workers and agencies. We know there is much more work to be done, but this is a good start.
