

House Committee on Judiciary

**House Bill 4050
(Support)**

February 12, 2018

Dear Chair Barker, Vice Chair Olson, Vice Chair Williamson and Committee Members,

House Bill 4050 provides important additional measures as it relates to specific equipment used for fighting birds.

I am here this afternoon on behalf of the Oregon Veterinary Medical Association to continue with our support of legislation that restricts cockfighting in our state.

We also ask for your support.

Sincerely,
