Dear Committee Members,

As a homeowner and fulltime resident of Bend, I am **adamantly opposed to House Bill 4029**.

This bill, if passed, will deprive The City of Bend and its residents of their right decide this issue which is of great local importance.

I find it appalling that this bill even exists as it is clearly the work of a rich guy with a vendetta against Don Horton and the Bend Parks and Recreation Commission.

Very truly yours,

John M. Steiger
