Dear Senator,

Please support SB 1508. It is imperative that that the Senate fund DEQ's new Cleaner Air Oregon Air Permit program and the health based standards for industrial air permits it creates statewide.

Please oppose SB 1541. SB 1541 undermines and reverses much of what has been achieved during the two year Cleaner Air Oregon public rule making process, and takes the health of our communities and citizens backwards rather than forwards.

Sincerely,

Joe Miller Ph.D.
