YES on HB4002 & SB1508
NO on SB1541

Don't ruin a good process (Cleaner Air Oregon) by passing Sb1541. Make sure that you fund the Cleaner Air Oregon process fully, and empower DEQ to tackle air quality issues from industrial sources.

Also, pass a diesel bill that is strong and that stops delaying solutions. Every minute wasted is another child with asthma, or another parent dead from cancer. Do something! Our community in East Portland's Lents neighborhood is suffering.
