Hello there,

I am writing in support of SB 1508. Oregonians want to live in a clean environment, free of negative health effects from pollution. Please pass SB 1508 to allow full funding for the implementation of Cleaner Air Oregon.

People have a fundamental right to know what is in the air they are breathing. The CAO Rules are an essential component to the health and quality-of-life issues for Oregonians.

Please, approve the requested funding for this important and long-overdue program by passing SB 1508.
