Stop HB 4013

It's clear to me that the intent of this bill is to achieve Kim Sordyl's exclusion from the Board of Education. It would be a blatant and intentional misuse of state legislative power to pass a law with such intent.

I worked with Kim on a very important education effort in my community which – had our and others' involvement not existed – would have resulted in increased inequity for an already inequitably treated high school in Portland - Roosevelt High School.

By taking time away from legitimate business to focus on this bill the Committee is displaying bias and it reflects poorly on the whole of the Oregon Legislature. Please stop this travesty of political process.
