Oregon House Revenue Committee

2/12/2018

Dear Chair Hass, Vice Chair Boquist, Senators Baertschiger, Riley, Taylor
Dear Chair Barnhart, Vice Chairs G Smith & Smith-Warner,
Representatives Buehler, Findley, Hernandez, Marsh, Nosse, Werner
Reschke:

I am writing in support of SB1515.

Current research informs us that afterschool programs, whether they be for academic assistance, enrichment, or application, enhance both learning, and, perhaps more importantly, the efficacy of learning, for *all* students who participate in them.

With our current federal administration, we are going to need support in our state and local communities to help fund participation in these programs for students whose parents cannot afford them.

The Children's Service Districts proposed in SB 1515 will do just that!

Thus, we are in support of passing SB 1515. Thank you for your time and consideration.

Sincerely,
Math Gamers LLC
