

SUBCOMMITTEE RECOMMENDATION

**Employment Department
Modernization Initiative Status Report**

On February 13, 2018, the Transportation and Economic Development Subcommittee recommended acknowledging receipt of a report from the Employment Department on the status of its information technology modernization initiative.

The 17-19 budget includes expenditure limitation for initial project planning. The Employment Department reported that it completed a project feasibility study and received Stage Gate 1 approval from the Office of the State CIO and the Legislative Fiscal Office. A funding request to continue future phases will be requested by the agency for 2019-21.

The Transportation and Economic Development Subcommittee recommends that the Joint Committee on Ways and Means acknowledge receipt of the report.
