Dear Madam, dear Sir,

A municipal agency in Bend is attempting to build a bridge over a stretch of the Deschutes River where bridges have explicitly been prohibited for over 30 years. If this proposal goes through, it would undermine the State Scenic Waterway Act and set a terrible precedent for development activities in the 20 other rivers protected under the act.

Currently, the Oregon Legislature is set to consider a bill this month that would protect the Deschutes River while finding an alternate location for connecting trails. The bill, HB 4029 has a committee hearing this week, so I'd like to give you my views :

I support HB 4029 and protections for the Deschutes River and other state scenic waterways. Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections. In a time when our public lands are under attack from extractive industries and the Trump administration, Oregon should stand firm in protecting our rivers and public lands. If you have a personal connection to the Deschutes River, mention that too!

Sincerely,

Andrea Sreiber

Dear Members,

I am writing today to support HB 4029 and protections for the Deschutes River and other state scenic waterways. I feel it is critical to balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections.

If we do not protect our rivers' ecosystems, we will be left with no healthy outdoor places to visit. Water, fish, and wildlife cannot speak up to protect themselves. It is up to us! And you!

Thank you,  
Ilana Sophia  
Eugene

I have many friends in Bend, Oregon and support HB 4029 and protections for the Deschutes River and other state scenic waterways. Development pressures in this area are intense but without the wild and remoteness of many sections of the river, this wild resource will be greatly compromised. Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections. At a time when our public lands are under attack from extractive industries and the Trump administration, Oregon should stand firm in protecting our rivers and public lands. I am mostly a hiker and really enjoy the solitude provided by the River. Please support HB 4029.

Respectfully, John Livingston

I am writing in support of HB 4029 and protections for the Deschutes River and other state scenic waterways. Protection for all of our scenic waterways is important to me, and I specifically have enjoyed beautiful hiking along the Deschutes when visiting the area.

Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails. We don't have to weaken river protections to find a way to connect trails in this area. Especially at a time when our public lands are under attack from the Trump administration, Oregon should stand firm in protecting our rivers and public lands.

Thank you for your careful consideration of this issue.

I support HB 4029 with protections for the Deschutes River (and other state scenic waterways.) The Deschutes State Scenic Waterway must remain intact! Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections. There are good reasons for prohibiting bridges in certain places for over the last 30 years. Please do not undermine the State Scenic Waterway Act. Our public lands are under attack from extractive industries and the Trump administration, Oregon needs to remain firm in protecting our rivers and public lands.

Sincerely,  
Peggy Leviton  
Jacksonville, Oregon

- I support HB 4029 and protections for the Deschutes River and other state scenic waterways.
- Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections.
- In a time when our public lands are under attack from extractive industries and the Trump administration, Oregon should stand firm in protecting our rivers and public lands.

Thank you for considering my comments.

Public Input on HB 4029 from:  
Jan Golick, 2526 Alder St. Eugene, OR 97405  
<https://olis.leg.state.or.us/liz/2018R1/Measures/Overview/HB4029>

My position:

1.

I support HB 4029 and protections for the Deschutes River and other state scenic waterways.

2.

Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections.

3.

In a time when our public lands are under attack from extractive industries and the Trump administration, Oregon MUST stand firm in protecting our rivers and public lands.

4.

I and my family raft and camp on all Oregon rivers (currently and since 1976). We are completely Aware of how quickly our Public Lands changed over the last fifty years and know for certain that they will be destroyed as natural, healthy diverse bioregions in the coming times if we do not, NOW, build the substantial legal infrastructure that will protect and maintain ALL of our existing Public Lands from use abuse of any kind, including recreation hereon.

Please support and enact HB 4029, as it is a piece of that necessary legal infrastructure.

Thank you,  
Jan Golick

- Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections.
- In a time when our public lands are under attack from extractive industries and the Trump administration, Oregon should stand firm in protecting our rivers and public lands.
- I grew up in Madras and lived in Warm Springs for a number of years. The Deschutes River is important to me as someone who fished the river, swam in the river and enjoyed the surrounding beauty.

Respectfully,

John Nettleton
